## 1 Month - Acting Course for Beginners

This acting workshop is mainly for beginners with little or no experience. It consists of 12 sessions of 2 hours each with several practical sessions in front of camera. It's a step by step process of learning basic film acting techniques such as using real emotions & imagination, dialogues delivery, gestures & postures, improvisation techniques, script analysis, character preparation, acting in front of green screen, using inner monologues & other basic concepts. It trains the actors to perform for camera in a professional lighting & sound set up and prepare them for professional audition & film shoot.

We keep you at ease, ensuring that you learn acting in a very relaxed and fun filled environment. We do take extreme care of your performance anxiety and fear of public performance.

“

This has been so intensive and valuable to me. Learning film acting is helping me to peek into my own character and better understand others. My concentration & focus has improved a lot. Tanveer (coach) pushes us to perform the best in front of the camera. I am so happy that I am taking this course and can't wait to take more and more of these lessons. I recommend it to everyone.

“

I have been with Creative Bites for quite some time now. I have done 1 month acting course for beginners and now doing 3 months film acting course. I really love it and would recommend it to all those who are interested in film acting. You learn many new techniques of film acting & get to discover yourself.
